AMES M1832 FOOT ARTILLERY SWORD: This is an Ames M1832 Foot Artillery Sword in near-mint condition. It is inspection marked "US 1843 CB" and marked "N.P. Ames Springfield" on the obverse. 1000 were made and delivered that year. The hilt is also inspection marked "WAT". The original blade is bright and has no nicks and retains a sharp point. The hilt has great original patina and is tight with outstanding eagles stamped in the pommel cap. The scabbard is strong with minor crazing. Its brass throat and drag are tight and retain all the original rivets.

Sincerely,

David S. LaSlavic
